**Sheridan College gets  
\$1.25M donation**

SHERIDAN (AP) - Whitney Benefits Incorporated has donated \$1.25 million to Sheridan College to boost its agriculture education offerings.

The University of Wyoming College of Agriculture will partner with Sheridan College to develop a horticulture option to the bachelor's degree in agroecology now offered by the university, according to a UW press release Thursday.

The state of Wyoming will match the donation.

Whitney Benefits was created under the last will and testament of Edward A. Whitney, a Sheridan County resident who died in 1917.
